The UO’s All-Hazard Incident Management Team (UO-IMT) provides the command and control infrastructure required to manage the logistical, fiscal, planning, operational, safety, and campus issues related to any and all incidents/emergencies. UO-IMT is made up of the individuals who serve as the primary Incident Commanders and Command and General Staff. The UO follows the requirements set forth by the National Incident Management System (NIMS). NIMS provides a nationwide template enabling federal, state, local, and tribal governments and private sector nongovernmental organizations to work together effectively and efficiently to prevent, prepare for, respond to, and recover from domestic incidents regardless of cause, size or complexity. Using NIMS enables the university to communicate and coordinate response actions with other jurisdictions and emergency response agencies.
