

COVID-19 Testing Protocol

Is my COVID-19 vaccine up to date?

You are **up to date** with your COVID-19 vaccine if:

- you received a booster shot, or
- you completed the primary series of Pfizer or Moderna shots within the last five months, or
- you received a J&J shot within the last two months

You are **not up to date** with your COVID-19 vaccine if:

- you are unvaccinated, or
- you have not completed the primary series of any COVID-19 vaccine, or
- you completed the primary series of Pfizer or Moderna more than five months ago and are not boosted, or
- you received a J&J shot within the last two months and are not boosted.

Need support?

To support UO students and employees who test positive or are exposed to COVID-19, the UO Case Management and Corona Corps teams are available to provide guidance and resources. The Corona Corps Care Team is available Monday-Friday 9:00 a.m.-5:00 p.m. and Saturday 10:00 a.m.-4:00 p.m. by emailing careteam@uoregon.edu for students and coronacorps@uoregon.edu for faculty and staff or calling 541-346-2292.
